CIRCUIT IQ

150 Plug Mapper w Case

Product Description

If you're just starting or looking to expand your current kit, get 150 Plug Power Mappers and a FREE commercial grade carry case with wheels.

These mappers work with your current gateway to speed up even the biggest jobs.

THIS PRODUCT REQUIRES A GATEWAY.

We recommend 1 mapper for every 100 sqft for the fastest mapping experience.

Power Mappers work with the CircuitIQ app to identify every receptacle in a building or facility simultaneously.

New Mappers don't require to be synced with your existing kit to work. Mix and match new Mappers into your Power Mapping Kit.
