Label Printer w Case

Product Description

Label your panels, switches, outlets and more. Instantly stop typing each label one by one and take advantage of our Auto-Generated Device and Panel labels.

Combined with the CircuitIQ app, the Label Printer can print Panel name labels, Breaker Slot numbers, and Device Labels, that specify the panel and circuit it's powered from.

The CircuitIQ App sizes the labels to the label cartridge you use, which is easy to swap out and change on the fly.

Product Specifications

SKU #:	PTR-1000-001	**Power Rating:**	5V DC; 2A
Brand:	CircuitIQ	**Connection Type:**	Micro-USB
Dimensions:	(L) 5.03"x(W) 5.03"x (H) 2.63"	**Harmonized Code:**	8517.69
Weight:	1.5 lbs	**Operating Temperature:**	50℉ to 95℉ (10℃ to 35℃)
Battery Type:	Lithium-ion; Internal, non-removable	**Operating Humidity:**	10-90%RH, non-condensing
Operating Systems:	iOS 11 (and higher), Android 6 (and higher)	**Print Speed:**	20mm/sec.
Label Type:	TZe Tape	**Print Resolution:**	180dpi Standard resolution 180x360dpi High resolution

Applications

- The Label Printer w Case is used for labeling outlets and electrical panels with the CircuitIQ App
- Device labels are automatically generated and cut to size created during Power Mapping with CircuitIQ. Labels specify the Panel and Circuit the device is fed from.
- Save time on every Mapping project

Package Includes

- Label Printer
- Micro-USB Cable
- 1 6mm Label Cartridge
- 2 24mm Label Cartridges
- Label Printer Case

Warranty

- Unit is subject to manufacturer's warranty
